GitHub: github.com/priyanshinegi05

BRIEF SUMMARY

Computer Science Engineering student with expertise in full-stack development, cloud computing (GCP, Firebase), and DevOps. Experienced in building scalable web applications using Node.js, Express.js, PostgreSQL, React.js, Next.js, Tailwind CSS, and Docker

TECHNICAL SKILLS

Languages: JavaScript, Java,

Frontend: React.js, Next.js, Tailwind

Backend & APIs: Node.js, Express.js, REST APIs, JWT Authentication

Database: PostgreSQL, SQL, Prisma

Cloud & Deployment: Google Cloud Platform, GCP Cloud Run (Docker), Firebase Hosting & Multi-site Deployment

Version Control & Tools: Git, GitHub, Postman

EXPERIENCE

Backend Developer Intern | PropertyLens.in, Real Estate, Pune | Jun 22, 2025 – Jul 23, 2025

PropertyLens (Proptech Startup): Built and maintained the backend for a Proptech platform, enabling features like secure user signup, posts, comments, nested replies, bookmarks, and notifications. Deployed the system on cloud platforms, integrated it with the frontend, and managed multi-site hosting and domain setup for seamless user experience.

Skills Used: Node.js, Express.js, PostgreSQL, Prisma, JWT, GCP, Firebase, React.js, Next.js, Tailwind CSS, Git.

EDUCATION

- | | |
|--|------------------------|
| • BTech Computer Science, DIT University | CGPA : 7.33 Aug 2025 |
| • XII, AVB Institute of Learning | 79.8% 2022 |
| • X, AVB Institute of learning | 86.2% 2020 |

TECHNICAL PROJECTS

1. Bharat Pulse – India’s Global Engagement Platform

Built a full-stack platform aggregating real-time news from 150+ sources, visualizing global metrics with interactive dashboards, and implementing mobile-first design, real-time search, and historical timelines.

Tech Stack: React.js, Node.js, Express.js, Recharts, Leaflet, CSS3, RSS, REST APIs

2. FirstThought – Full-Stack Publishing Platform

Developed a modern blogging platform enabling users to create, edit, and manage posts, with features like JWT-secured authentication, profiles with avatars, likes, threaded comments, bookmarks, and newsletters. Implemented search, tag-based filtering, and responsive PWA design for seamless user experience.

Tech Stack: React (TypeScript, Vite, Redux, React Query, MUI), Node.js (Express, TypeScript), PostgreSQL, Prisma, JWT, Multer, Nodemailer.

3. Personal Portfolio – Developer Website

Created a personal portfolio website to showcase my projects, skills, and blogs. It includes project highlights, a resume download option, and a contact form, built with a focus on clean design, responsiveness, and fast performance.

Tech Stack: React.js, Next.js, Tailwind CSS, TypeScript.

CERTIFICATIONS

HTML, CSS & JS (IBM); Docker, Kubernetes & OpenShift Basics; Cloud Computing Fundamentals; Python for Data Science & AI

LEADERSHIP & ENGAGEMENT

Member – GPF Youth Peace Club, DIT University

Manager – Literary Club, DIT University

SOFT SKILLS

Team Collaboration | Communication | Time Management | Adaptability | Problem-Solving
